Subject: Info for GMK LT

All - we received this from San Juan Basin Health

Hi Nancy, I wanted you to have all the information that we do about the public water systems that CDPHE has required to do additional testing. They routed all three and Durango School District to us to request reimbursement. We didn't get a chance to talk about this after the Command Meeting this morning but you mentioned some language was making its way into a cooperative agreement to get them reimbursed. Was that a cooperative agreement with us or with some other agency?

Here's all the information I have:

From Casey Kay, CDPHE:

If the Incident Command or JIC are still in place, please let them know that three Public Water Systems are being required to perform additional sampling in response to the event and request that EPA reimburse the water systems for the lab analysis. The water systems are Animas WC, The Glacier Club and City of Durango.

Animas Water Company
John Ott, General Manager
manager@animaswatercompany.com
970-259-4788

The Glacier Club
Bill Kroeker, Water and Sewer Manager
bkroeker@theglacierclub.com
970-769-1765

City of Durango
Dave Ferguson, Water Treatment Superintendent
dave.ferguson@durangogov.org
970-375-4887

Question: how will reimbursement happen? Through SJBH? Or other local party? Are there existing agreements?

Durango School District R-9
(Animas Valley Elementary)
Kathy Morris, Regional Safe School Coordinator
970-247-3261 ext 801
kmorris@sjboces.org

Drinking water testing at Animas Valley Elementary- requested reimbursement from Trevor at CDEM,
who referred to SJBH
